APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to prior rights. The State Engineer recognizes the fact that the application was filed without having made a survey to determine the exact point of diversion and return to stream, and the permit is granted with the provision that the water be returned to the stream above the present irrigation diversions.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed ---100---- cubic feet per second.

Actual construction work shall begin on or before May 25th, 1913.

Proof of commencement of work shall be filed before June 25th, 1913.

Work must be prosecuted with reasonable diligence and be completed on or before May 25th, 1915.

Application of water to beneficial use shall be made on or before October 25th, 1915.

Proof of the application of water to beneficial use must be filed with the State Engineer on or before November 25th, 1915.

WITNESS MY HAND AND SEAL this 25th. day of October, 1912.

Cancelled because of failure to file

proof of commencement of work
